

Neurobehavioral Genetics Retreat Agenda
DeNeve Plaza, UCLA
 351 Charles E. Young Drive West
 Los Angeles, CA 90024-1314
(Located between Sunset Village and Bradley Hall)
April 20, 2009

Guest speaker: Emmanuel Mignot, M.D., Ph.D.
 Stanford University, Center for Narcolepsy

8:00-8:30 AM	Arrivals
	Continental Breakfast
8:40-9:00 AM	Nelson Freimer <i>Introduction</i>
9:05-9:30 AM	Kellen Winden <i>"Studying molecular dysfunction in Mesial Temporal Lobe Epilepsy using microarrays"</i>
9:35-10:00 AM	Chris Park <i>"Genetic Analysis of Basal Ganglia Neural Circuitry in Behavioral Control"</i>
10:05-10:30 AM	Besim Uzgil <i>"Characterization of Notch-Delta Signaling in Postmitotic Neurons"</i>
10:35-10:50 AM	Break
10:50-11:15 AM	Patty St. Clair <i>"The Heritability of Sleep and Activity Behaviors in Vervet Monkeys"</i>
11:20-11:45 AM	Catherine Mamah <i>"Gene expression profiling in paraplegin defective mice"</i>
11:50-12:15	Eliza Congdon <i>"Phenotype Identification in the North Finland Birth Cohort: Adult Temperament Clusters Differentially Associate with Psychiatric and Somatic Health"</i>
12:15-1:25 PM	Lunch
1:30-2:30PM	Dr. Mignot, M.D., Ph.D. <i>"Genetics of narcolepsy"</i>
2:35-3:00 PM	Scott Fears <i>"Quantitative Genetic Analysis of Brain Structure in Vervet Monkeys"</i>
3:05-3:20 PM	Break
3:20-3:40 PM	Xavier Cagigas <i>"Cross cultural phenotypes in the LA2k"</i>
3:45-4:00 PM	Dan Geschwind <i>Closing</i>
4:00-6:00 PM	Afternoon reception
